

Phase I Urban Trees

Qualifications:

Abby Farms is a family-owned nursery and tree farm and producing the highest quality plant material in the Mid-Atlantic region has been our top priority for the past 30 years.

Abby Farms is in Waldorf, MD and has over 1000 acres of farmland producing over 400 varieties of trees and plants. Currently, there are approximately 250,000 units in ground and we're harvesting between 30,000 to 40,000 per year in sizes ranging from 1.5" to 4.5" caliper. Our selection of the best performing varieties of plant material for our area ensures you will not have to worry about cold hardiness or rigorous maintenance to ensure the survival and longevity of your landscape. By harvesting at the proper time and using high quality growing systems to produce a larger more fibrous root system you can expect healthier plants that establish faster and thrive better once installed in your landscape.

The majority of our trees are grown from liners that we've produced or purchased in. Most of our purchased liners come from Oregon and Tennessee but, we also purchase from North Carolina, Georgia, South Carolina, Alabama, and Virginia. All our liners purchased in are planted and harvested no earlier than 3 years from plant date. We also buy in finished material from these same states. The finished material comes in during the fall, winter and spring months and is heeled in mulch to insure survivability. This allows the tree to get acclimated to the area and helps with the survivorship of the tree.

Tree delivery service is offered by Abby Farms. Abby Farms delivers across the Mid-Atlantic, northeast and Midwest areas of the United States. Delivery costs are based on mileage and number of trees on the delivery. Rates are subject to change due to the fluctuation of fuel prices.

Abby Farms does not provide a warranty on tree stock.

Expertise:

The management team of Abby Farms has a combined 100+ years of horticulture experience and because of our drive to produce the highest quality plant material we have what it takes to provide you with a quality product and excellent customer satisfaction. The Abby Farms staff consist of:

Chuck Knaggs, Nursery Manager - Operations Manager of Farm Production. Over 24 years' experience growing and maintaining plant material. Managing 500-acre wholesale nursery producing 30,000 B&B trees, 150,000 3-gallon container shrubs, 12,000 15- & 25-gallons container trees, 40,000 perennials, and 20,000 ornamental grasses annually.

- MD pesticide commercial applicator
- MD nutrient management operator's certification

Justin Taylor, Nursery *Sales* - With over 16 years of nursery experience just is an integral part of the sales team as well as the overall nursery operation. His responsibilities include nursery sales, product selection and quality assurance

Josh Denison, Purchasing - Josh Denison has 30 years of experience in the nursery/landscaping industry.

Jeff Parker, Product Selection - Jeff has 35 years of experience in the nursery and landscaping industry.

MD pesticide commercial applicator

Sophia Rasiak, Container Grower - Sophia has 3 years of nursery growing experience.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

• Form 1099-INT (interest earned or paid)

- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.

Phase I - Current Native Tree Stock - Available for Purchase Fall 2023 - Fall 2025
