Grants: Upcoming Deadlines and Open Programs

The Chesapeake Bay Trust's grant-making strategies are shaped by three core objectives: environmental education, demonstration-based restoration, and community engagement. We look to these objectives as basic touchstones for developing our programs, engaging new partners, and communicating about our work.

Mini Pre-K-12 Environmental Education Grant: July 1, 2021 at 4PM EDT

The Mini Environmental Education Grant Program is a partnership between the National Oceanic and Atmospheric Administration (NOAA) and the Chesapeake Bay Trust. This program is designed to increase student awareness and involvement in the restoration and protection of our region's natural resources by increasing access to programs that provide Meaningful Watershed Educational Experiences (MWEEs).

DC Community Stormwater Solutions Grant: July 16, 2021 at 6PM EDT

The Community Stormwater Solutions Grant Program is a partnership between the Chesapeake Bay Trust and the District of Columbia Department of Energy and Environment. This program provides funding for innovative, community-oriented and –inspired projects, aimed at improving water quality in the District of Columbia, reducing litter, and raising awareness about what we can do to restore our rivers, streams, and parks.

Outreach and Restoration Grant Program: August 11, 2021 at 4PM EDT

The Outreach and Restoration Grant Program is a partnership with Charles County, the City of Annapolis, the City of Baltimore Department of Public Works, the City of Gaithersburg, the City of Salisbury, Harford County, Howard County, the Maryland Department of Transportation Maryland Port Administration, and the Chesapeake Bay Trust. This grant program encourages outreach and community engagement activities that increase stewardship ethic of natural resources and on-the-ground restoration activities that demonstrate restoration techniques and engage Maryland community members in the restoration and protection of the Chesapeake Bay and its rivers.

Outdoor Learning Network Initiative: August 19, 2021 at 4PM EDT

The Outdoor Learning Network Initiative is a partnership between the National Oceanic and Atmospheric Administration (NOAA) and the Chesapeake Bay Trust working closely with the Chesapeake Bay Program Education Workgroup. The goal of this initiative is to advance environmental literacy at the district level by establishing local networks comprised of school districts and organizations who are committed to partnering and working collectively to embed environmental education into the school system long-term.

Anne Arundel County Forestry and Forested Land Protection Grant Program: November 11, 2021 at 4PM EDT

The Anne Arundel County Government and the Chesapeake Bay Trust announce a partnership to provide funds for forestry projects and land protection in Anne Arundel County. The goal of the program is to implement cost-effective reforestation and greening projects and increase the number of acres of protected forested land in the County.

Charles County Forestry: Rolling deadline

The Charles County Forestry Grant Program is a partnership between the Charles County Government and the Chesapeake Bay Trust that aims to fund projects to implement cost-effective reforestation projects in the County to increase tree canopy and as a result create forest habitat and improve water quality in the county's local watersheds and ultimately the Chesapeake Bay.

Community Engagement and Restoration Mini Grant Program: Rolling deadline

The Community Engagement and Restoration Mini Grant Program is designed to engage Maryland residents in activities that enhance communities, engage residents, and improve natural resources. This program funds small-scale activities such as tree plantings, rain gardens, stream cleanups, and storm drain stenciling, among others.

Prince George's County Rain Check Rebate: Rolling deadline

The Prince George's County Rain Check Rebate Program offers rebate incentives to homeowners, businesses, and others to install practices that will improve stormwater runoff quality, reduce pollution, and improve local stream and river health. Seven types of stormwater practices are eligible for rebates: rain barrels, cisterns, rain gardens, urban tree canopy, pavement removal, permeable pavement, and green roofs.

Sponsorship Program: Rolling Deadline

The Sponsorship Program is designed to support events that will increase awareness and knowledge among event participants about issues pertaining to restoration and protection of the natural resources of the Chesapeake and/or Maryland's other watersheds. The Trust will also entertain requests that promote the following major sources of revenue for the Trust: 1) the "Treasure the Chesapeake" license plate program; 2) the Chesapeake and Endangered Species Tax Check-off on the Maryland State income tax form; and 3) the Maryland Outdoor Recreation and Clean Water Fund.

For questions concerning any of the above open opportunities, please refer to the specific webpage for the Program Officer assigned to the Award Program.

About The Trust

[The Chesapeake Bay Trust](#) is a nonprofit grant-making organization dedicated to improving the watersheds of the Chesapeake Bay, Maryland Coastal Bays, and Youghiogheny River through grant programs, special initiatives, and partnerships that support K-12 environmental education, on-the ground watershed restoration, community engagement, and the underlying science of these three realms.

Since 1985, the Trust has awarded more than \$130 million in grants to local municipalities, nonprofit organizations, schools and public agencies throughout the Chesapeake Bay Watershed. For nearly two decades, the Trust has received a "4-star rating" from Charity Navigator, the nation's leading independent evaluator of nonprofit organizations. About 90% of the Trust's expenditures are directed to restoration and education programs.
