4.5.1.a.i - History of Operation

Clear Ridge Nursery Inc. is a family owned and operated business and was formally established in 1994, starting with a small inventory of 18 species and 20,000 plants in 1-2 gallon containers.

Clear Ridge Nursery quickly flourished as a wholesale nursery. In 2008 Jessica Barley (Todd) took the step towards succession of the company and purchased 51% of the nursery.

In 2009, Clear Ridge Nursery gained MBE/DBE certification. We are MBE/DBE certified in Maryland, Delaware, Virginia, New Jersey, West Virginia, Pennsylvania, City of Philadelphia, City of Baltimore, as well as several individual counties in Maryland.

Clear Ridge Nursery supplies small to large projects, as well as contract growing material. Our customers are primarily government agencies, non-profits, landscape contractors, municipalities, and other nurseries. We have provided a wide range of plants to many diversified projects. We have an excellent reputation with a skilled and licensed staff that are available to serve our customers with excellent service.

History of References

Howard County, MD Parks and Recreation

We have provided plants under contract to Department of Parks & Recreation in Howard County MD since 1997. They plant an average of 9,000 trees a year in 5, 7 and 15 gallon sizes. Programs range from Street trees, Reforestation, Turf 2 Trees, Stream Re-Leaf and Homeowner Plant Give Away events. Howard County orders are based on their needs then adjusted to reflect our current availability. County foresters will tour the nursery each year to inspect the size, quantity and quality of our plant material.

New York City, NY Parks and Recreation

We had two contracts with New York City Department of Parks & Recreation from 2008 to 2019. We provided between 14,000 and 20,000 2 gallon plants each year for 9.5 years for their 1 million tree planting program covering 5 boroughs of New York City. These two contracts had very specific seed sourcing, delivery, and inspection requirements. Each season, city foresters would visit the nursery to tag and inspect their entire order for the season. We would load and ship to several different locations on a specific time sensitive schedule.

Tree-Mendous Maryland- MD DNR

We currently provide plants to MD DNR-Forest Service Tree-Mendous MD program. This is a 3-year contract that supplies plant material to chartered towns, municipalities, HOA's and non-profits throughout Maryland. Each order is placed online using a customized link through our website. The list is based on our current availability. Clear Ridge Nursery started out as a sub-contractor in the beginning years with this program when it had a director who did the purchasing. In the most recent years, they put it out for bid, and we have been awarded 2 out of 3 times it has been issued. We deliver to 3 locations in Maryland at pre-determined dates at no additional charge and allow for customers to pick up, or receive delivery at an additional cost.

4.5.1.b – AVAILABLE STOCK – Appendix 1

Available stock is submitted in two formats.

The first, is the format as required online for submission.

The second, is a revised format that subdivides availability and pricing over the contract period.

4.5.1.c – **Geographic History of Plant Stock**

Clear Ridge Nursery starts by purchasing high quality bare-root liners under contract from a limited group of propagation nurseries. This has been our strategy from the beginning in 1994. In order to maintain a steady flow of liners we contract 2 years ahead of delivery from our suppliers. The liners are 1-3 years of age when received.

Seed sources are from USDA Hardiness zone 7 to zone 4. Our suppliers are located in Maryland, Virginia, North Carolina, Georgia, Oregon, Michigan, Pennsylvania and New

Jersey. We propagate a few species from seed or live stake cuttings but primarily focus our resources on 'growing out' liners to larger sizes.

4.5.1.d – **Delivery**

We deliver in Maryland, Pennsylvania, Delaware, District of Columbia, West Virginia, Virginia, New Jersey and New York using our own trucks or by contract carrier.

Our shipping charges are set primarily by the distance and current fuel cost from our location to the destination. The cost of fuel may cause delivery charges to change.

Orders over 9,000 lbs. will require a second delivery on our trucks.

Approximately 530 - 5-gal or 360 - 7-gal or 180 - 15-gal, equal a full load at 9,000 lbs.

Shipping charges are passed on to the customer close to the cost incurred.

As of 5/6/2022, our minimum round trip delivery charges are as follows:

50 miles	\$ 275-300
100 miles	\$ 400-450
150 miles	\$ 525-600
200 miles	\$ 650-750
250 miles	\$ 775-900

When using our trucks, the cost of delivery will be included in the order acknowledgment at the time the order is placed.

We will use contract carriers for large orders or long distances. This is more cost effective for the customer. We will provide an estimated delivery charge at the time the order is placed.

4.5.1.e - **Warranty**

We constantly strive to provide the best quality and handling of nursery stock. Since we have no control over the installation and care of our nursery stock once it has been accepted we do not give a warranty as to the future life of the plants. Our Warranty/Guarantee is customer satisfaction at time plants are received.

I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN.
