# **Introduction and Program Goals**

The Chesapeake Bay Trust (Trust) is a nonprofit, grant-making organization dedicated to improving the bays, streams, rivers, forests, parks, and other natural resources of our local systems, from the Chesapeake to the Coastal Bays to the Youghiogheny River. The Trust, supported in large part by Maryland's Chesapeake Bay License Plate, and partnerships with other regional funders, engages and empowers diverse groups to take actions that enrich natural resources and local communities of the Chesapeake Bay region. Since 1985, the Trust has awarded over \$160 million in grants to municipalities, nonprofit organizations, schools, and public agencies throughout the Chesapeake Bay watershed.

The Trust is committed to the advancement of diversity and inclusion in its award-making and environmental work. For a full description of the Trust's efforts to engage under-engaged groups, see our strategic plan at <a href="https://cbtrust.org/diversity-inclusion/">www.cbtrust.org/strategic-plan</a> and <a href="https://cbtrust.org/diversity-inclusion/">https://cbtrust.org/diversity-inclusion/</a>.

The Community Stormwater Solutions Mini- Grant Program (CSS) is funded by the <u>Department of Energy and Environment (DOEE)</u>.

The objectives of this Mini-Grant are to:

- 1. Provide entry-level grants to new or inexperienced applicants, serving as a trial for managing and applying for future funding.
- Fund traditionally underrepresented groups, such as communities of color.
- 3. Fund projects that increase awareness about stormwater runoff and participation on stormwater management and watershed protection efforts.

The Trust recognizes that application processes can be complicated and time-consuming; the Trust continues to work to simplify our application processes where possible. New applicants, new organizations, small organizations, or any group that is experiencing capacity challenges or other barriers to applying, is eligible to receive guidance on the application process. Please contact the Program Officer, Marylin Veiman Echeverría for assistance in English or in Spanish at mveiman@cbtrust.org

Applicants are strongly encouraged to contact Trust staff to discuss applications.

# **Eligible Project Types**

Image source: Stormwater Smart Outreach Materials - EPA <a href="https://www.epa.gov/system/files/documents/2022-10/Stormwater%20Smart%20Materials%20How-to%20Manual">https://www.epa.gov/system/files/documents/2022-10/Stormwater%20Smart%20Materials%20How-to%20Manual</a> 508.pdf

Applicants should propose projects that involve meaningful engagement; to ensure the proposed methods reflect and respond to the community's needs and goals. Projects should demonstrate the use of participatory methods in engagement and use culturally inclusive and tailored engagement strategies to promote inclusive involvement with the priority audience. Some communities, such as communities of color, have been less involved in natural resource topics due to historical exclusion and systemic barriers, but could be a part of the solution in restoring healthy waterways today. When partnering with historically excluded communities, applicants are strongly encouraged to develop meaningful and mutually beneficial partnerships that honor the strengths of community leaders but do not burden them. It is recommended that these leaders and organizations be programmatically and financially recognized for their contributions to the programming. Appropriate costs can be included in the project budget. Additionally, it is important to utilize inclusive and equitable strategies to reduce barriers to participation. Strategies to consider include providing childcare, transportation and stipends for participation. Stipends should not be in the form of gift cards (please reach out to Trust staff for clarity on stipend options). Applicants proposing to work with residents with limited or no English proficiency (LEP/NEP) are encouraged to provide translated documents and translation services as needed.

The Trust is available throughout the application period to provide guidance and assistance. Priority will be given to Small (25 full time equivalents (FTE) or less), New (have not received a CSS grant), and Historically Excluded (SHNE), Minority Business Enterprise (MBE)/ Women's Business Enterprise (WBE): 51% owned, operated, capitalized, and controlled by a member(s) of the following groups: Black, Hispanic, Latino, Native American, Asia and Pacific Islander, Women organizations.

## **Project Areas**

We encourage projects that deliver multiple benefits, such as opportunities for public engagement with both educational and actionable components. Applicants should propose innovative and creative ideas focused on stormwater management, watershed protection education, community engagement, and ecological restoration.

## **Project Area 1: Revitalizing Green Infrastructure**:

Revitalizing existing sites that require planting, weeding, or other maintenance, including previous recipients of DOEE programs like RiverSmart Schools and RiverSmart Communities.

DOEE runs several programs that fund green infrastructure projects across the District. Over time, these sites require maintenance to ensure they continue to effectively reduce stormwater runoff that harms the District's waterways and the Chesapeake Bay. Funding can be used to remove trash and debris, weeding, planting or re-planting, cleaning, and installing educational or other amenities, purchase new native plants, tools, and other supplies that will improve the function of the space and pay labor costs for maintenance, among others. Revitalization efforts can occur on public and private property, but the applicant must receive approval from the property owners and include a letter of support from the

landowner in their proposal. See appendices for proposals for projects that would take place on District of Columbia Public School (DCPS) or Department of Parks and Recreation (DPR) property.

#### **Project Area 2: Connecting Communities to Nature:**

Engaging community members with green spaces and natural resources in the District through accessible and impactful programming. Applicants are encouraged to explore opportunities for programming on Kingman and Heritage Islands.

Kingman and Heritage Islands are a unique conservation area in the District that can serve as a great gathering place for small and accessible community events or a host site for public art installations.

Events and art installations must align with one or more of the three goals for the island: environmental conservation, environmental education, and low-impact recreation. All public events must be free and open to the public. Public art installations should raise awareness and inspire behavior change related to stormwater management and watershed protection.

While we welcome a range of creative ideas for programming, at this time the following activities are prohibited:

- Vending
- Hunting
- Fishing without a license
- Swimming, unless with a special permit
- Off-leashed dogs and other pets
- Movie nights
- Campaign activities

#### When planning events, please keep in mind:

- 1. The Islands have limited infrastructure. They do not have electricity or running water. There are two compostable toilets near the Benning Road entrance.
- 2. Small-scale events should expect to gather less than 200 people to minimize the impact of wildlife on the islands.
- 3. Events must respect the natural resources of the Islands. Applicants must address how they will "leave no trace" in their proposal and include a waste management plan.
- 4. Depending on the scope and activities of the event, there may be additional permitting required through Department of Buildings, Department of Health, and Fire and Emergency Medical Services. Applicants should address this in their proposals.
- 5. Additional event insurance coverage may be required depending on the scope and activities of the event.

 Applicant must include a pedestrian safety plan if the event requires vehicles on the island for loading in and loading out as will be subject to permitting, insurance, and DOEE approval.
 Learn more about the Islands and what they have to offer on the Kingman + Heritage Island website.

Applicants are encouraged to reach out to Marissa O'Neill at marissa.oneill@dc.gov with any questions about whether a specific activity aligns with Kingman and Heritage Islands' conservation, environmental education, and recreational goals or other questions about the islands.

## **Project Area 3: Innovative Pilot Projects**

We encourage applications for innovative pilot projects that explore new community-driven approaches to stormwater management in Washington, DC. This category seeks experimental solutions that engage local residents, organizations, and stakeholders in testing and refining creative methods.

## **Past Examples**

While the above project areas are high priority for funding partners, applicants are welcome to propose other community-centered and creative projects that support the funding program's goals for stormwater management and watershed protection implementation, education, community engagement, and ecological restoration.

**For inspiration,** you can visit <u>DOEE's website</u>, the Trust's <u>"Impact of our Work"</u> map or the Trust's <u>District of Columbia Community Stormwater Solutions</u> Grant website and scroll down to see "Project Highlights" to browse past Community Stormwater Solutions grant program projects (grants up to \$35,000).

# **Project Timeline**

**Project Timeline:** Projects should be completed in approximately 12 months upon receipt of the award. Requests to extend the project completion period will be reviewed and considered on a case-by-case basis. When a project is complete, grantees are required to submit a final report and include supporting materials/products.

# **Online Application Submission Instructions**

The Trust uses an online system for the application process, and if awarded, project management. To apply for an award, go to <a href="https://cbtrust.org/grants/district-of-columbia-community-stormwater-solutions/">https://cbtrust.org/grants/district-of-columbia-community-stormwater-solutions/</a> and click on "Get Started" to begin a new application. This will open a new window asking you to log in or create an account on our online system. If you have applied in the past, use your existing username and password (if you have forgotten either of these use the 'forgot password' feature). If you

have not used our online system before, click on "New Applicant" and follow the instructions. More information can be found in Appendix A: Ready to apply?

By submitting an application to this program, applicants acknowledge that: 1) they are compliant with federal employment and non-discrimination laws and 2) they have not been debarred, convicted, charged or had a civil judgment rendered against them for fraud or related offense by any government agency (federal, state or local) or been terminated for cause or default by any government agency (federal, state, or local). In addition, all final products will be provided to the funding partners for use and distribution at the sole discretion of the funding partners.

## **Deadline**

Applicants must submit applications at least eight weeks before their projected start date.

Proposals are accepted on an on-going basis until funds are fully used for that year; check our website and sign up for our grantee newsletter (<a href="https://cbtrust.org/newsletters/">https://cbtrust.org/newsletters/</a>) for the most up to date information about the status of this rolling program (available all year until all funds are committed to projects). We need a few weeks to review your application, work together on any missing items, and draft the award agreement.

## **Evaluation Criteria**

The following criteria will be used by reviewers to evaluate your proposal:

Watch our video on how to apply and how to submit an application using our online system at <a href="https://cbtrust.org/grants/">https://cbtrust.org/grants/</a>.

## **Definitions**

The Executive Officer is the individual that oversees the organization (e.g., Executive Director, Chief Executive Officer, Mayor, President or Vice President, Principal (for schools), etc.) and has the authority to sign/execute award agreements on behalf of the organization. The Executive Officer information is tied directly to all the organization's applications and should not vary from application to application. If the Executive Officer could be listed as the Project Leader in a future proposal, we recommend listing a Board Member or other higher-ranking position of the organization as the Executive Officer in order to reduce the variation in the Executive Officer across applications.

The Program Leader is the individual will be responsible for all project coordination and correspondence with the Trust for the duration of the project. The email address entered here MUST be the same as the email address you used to log in to the online system. The Project Leader is the primary point of contact for the application, and the email address used to submit the application via the online system must be that of the Project Leader. Applications in which the email address associated with the Project Leader in the applicant information tab of the online opportunity does not match the email address used to submit the application will not be considered for funding. The Trust cannot conduct any official correspondence with contractors or other project partners. If at any time the Project Leader cannot continue in the position, the organization must contact the Trust and assign a new qualified Project Leader.

• Promises, Certifications, Assertions, and Assurances: Each applicant must sign and submit the "Promises, Certifications, Assertions, and Assurances" ("PCA") in Appendix B. Signing the PCA is a condition of eligibility for this grant. If the Applicant is not prepared to sign the PCA, it should not apply for a grant. Compliance with the promises, certifications, and assurances in the PCA is a continuing condition of eligibility for this grant.

The PCA must be signed by the Applicant or, if the Applicant is an organization, by a duly authorized officer of the organization. The PCA also includes a sworn statement verifying that the Applicant is not in arrears (i.e., is "current") on all obligations outstanding to the District, including all District agencies. The Applicant must be "current" as of the date of the application and the date of a grant award. DOEE requires, as a condition of continuing eligibility, that a grantee stay current on such obligations during the period of the grant.

has a supporting organization with an IRS tax-exempt status determination, then that organization's tax exemption affirmation letter should also be submitted.

- If there is no IRS tax exemption affirmation letter because the organization is a religious organization, then the Applicant may submit the best evidence it can of its status. Examples of potential best evidence for this purpose include, but are not limited to (i) a letter from the leader of the organization verifying that the organization is a religious group; (ii) a letter from the group's board chair or similar official, verifying that the organization is a religious group;
  - (iii) the Applicant's most recently submitted state sales or other tax exemption form, if it exists (Form 164 in the District of Columbia); or (iv) the state's issued tax exemption certificate or card, if it exists. or anyone for whom the Grantee or its subgrantees may be liable. These policies shall include a separation of insureds clause applicable to the additional insured.
