

Commercial Dishwasher Purchase and Installation: Information and Resources

- Dishwasher must be ENERGY STAR certified
 - For specific questions related to ENERGY STAR certification for commercial dishwashers, please contact cfs@energystar.gov.
- Applicants must be able to obtain proper permit from DCRA and submit copies of documentation to grant administrator if selected as a grantee
- Grant funding may also be used for permitting fees, electrical and plumbing modifications, installation costs, and other costs associated with installing a commercial dishwasher

Grantees interested in purchasing a commercial dishwasher may purchase from any distributor they prefer. Below is a non-exhaustive list of options in the Washington, D.C. metro area.
