

PRINCE GEORGE'S COUNTY RAIN CHECK REBATE Contractor Training Completion List

The Prince George's County Rain Check Rebate Contractor Training Completion List identifies those individuals and companies that have attended Prince George's County's Rain Check Rebate Contractor Training Course and when the training was completed. The classes are not certification classes. They are designed to provide landscape professionals with practical, hands-on information on Prince George's County's Rain Check Rebate practices; guidance on practice selection, site assessment and site selection; construction techniques; rebate requirements; and the application process. The column titled "Rain Check Rebate Practices Offered" lists those practices the company installs, as indicated by the company.

If your company is listed and you believe the information is incorrect, please email dmpringle@co.pg.md.us and your information will be updated. If you are a landscape professional interested in taking a future training course, they are announced through the Prince George's County Department of the Environment Listserve and through our growing list of professionals. Please contact dmpringle@co.pg.md.us to receive announcements of future courses directly.

DISCLAIMER: This list contains the names of companies whose employees have taken a Prince George's County Rain Check Rebate Contractor Training class and is provided for informational purposes only. Prince George's County, Maryland, does not endorse, recommend, or make representations regarding individual vendors, products or services. Inclusion in the above list does not constitute or imply the endorsement, recommendation or approval by Prince George's County concerning the quality of products or services offered or provided by any company whose name appears on this list. Please check with your contractor for proof of appropriate licenses, such as professional registration and Maryland Home Improvement Contractor (MHIC) certification (if installing work).
