RAIN CHECK REBATE PROGRAM

Application Form for New Applicants

GENERAL NOTES FOR APPLICANTS:

With the exception of rain barrels, a pre-construction meeting is required for all stormwater management techniques.

If the project, on its own or in conjunction with a concurrent project on your property, involves any of the following activities, a permit is likely required.

- 5,000 square feet or more of ground disturbance.
- 100 cubic yards or more of earth moving.
- 12-inch change (+/-) in grade that alters drainage flow.

Date of Application: _____

PERSONAL INFORMATION: Asterick (*) Denotes Mandatory Fields

Name*: _____
Prefix First Last

Mailing Address*: _____
Street City, State Zip Code

Home Phone*: _____ **Office Phone:** _____

Cell Phone: _____ **Email:** _____

PROPERTY INFORMATION:

Property Owner's Full Name*: _____

Property Address*: If Different From Above _____
Street City, State Zip Code

Property Tax Account Number*: _____
Please Do Not Enter Social Security Number

Is the property part of a Homeowner's Association? Yes No

If commercial, name of business and Tax Identification Number: _____

	<input type="checkbox"/> Learn New Gardening Technique	<input type="checkbox"/> Receive Rebate	<input type="checkbox"/> Reduce Energy Costs
	<input type="checkbox"/> Reduce Maintenance	<input type="checkbox"/> Reduce Paved Area	<input type="checkbox"/> Reduce Stormwater Runoff
	<input type="checkbox"/> Reduce Water Usage	<input type="checkbox"/> Reduce Watering Costs	<input type="checkbox"/> Shade
	<input type="checkbox"/> Solve Drainage Problem		

Project Start Date*: _____ **Project End Date*:** _____

PLEASE NOTE:

In addition to this application, all applicants must complete a Property Owner Agreement form. For vegetation projects a planting plan is required; for permeable pavement and green roof projects a professionally engineered design is required.

From this point forward in the application, identify and complete only the sections that are relevant to your project(s). Applicants are permitted to implement more than one type of project(s).

RAIN BARRELS AND/OR CISTERNS	
What size (in gallons) rain barrel/cistern do you intend to purchase?	
How many rain barrels/cisterns do you intend to have?	

RAIN GARDENS		
Rain Garden Length (feet) :	Rain Garden Width (feet):	Rain Garden Area (square feet):
You are encouraged to attach a schematic drawing that shows how your project will be treating impervious surfaces (roof, driveway, patio, walkway). Please include an approximate outline of the rain garden and any of its features, such as the location of plants, with your application.		

URBAN TREE CANOPY	
Number of trees to be planted? At the time of planting, trees must be at least 5 feet tall and 1/2 caliper inch (the trunk of the tree above the soil must be 1/2 inch thick), and planted in a 5 gallon container or balled and burlapped.	
Species of trees to be planted?	

PAVEMENT REMOVAL AND/OR PERMEABLE PAVEMENT	
What is the total area (square feet) of the pavement to be removed?	
With what do you intend to replace the pavement?	

GREEN ROOFS (All green roof projects require a stamped structural analysis from a professional engineer.)	
Intended planting depth (in inches)	
Total cubic feet of the project (planting depth x area of roof / 12)	
Manufacturer/Company:	

How did you learn about the Rain Check Rebate Program? _____

Return completed application to: The Chesapeake Bay Trust, Prince George’s County Rain Check Rebate Program, 108 Severn Avenue, Annapolis, MD 21403 or email to Rebate@cbtrust.org.
