

CHESAPEAKE BAY TRUST 2013 GRANT AWARDS

The Chesapeake Bay Trust (www.cbtrust.org) is a nonprofit, grant-making organization dedicated to improving the Chesapeake Bay and its rivers through environmental education, community outreach, and local watershed restoration.

29 years.

**\$55 million
in Grants.**

Created by the Maryland General Assembly in 1985, the Trust has awarded more than \$55 million in grants and engaged hundreds of thousands of individuals in

projects and programs that are having a measurable impact on the Chesapeake Bay and its tributaries.

Learn more about the Trust and its programs at www.cbtrust.org.

In 2013, the Chesapeake Bay Trust awarded \$5.3 million throughout the region through its competitive grant programs and special initiatives. These efforts included 322 grants to nonprofit organizations, civic and community groups, schools and municipalities as well as direct management of certain initiatives including the Chesapeake Conservation Corps program. In 2013, the Trust's efforts created 4,500 feet of living shoreline; engaged 25,000 community volunteers who donated 26,000 hours to clean up local neighborhoods; educated 60,000 students using the outdoors as a classroom; planted 90,000 native trees and plants; removed 25 tons of trash from area waterways; and restored 87 acres of forest buffer, wetlands, and other habitats.

The Chesapeake Bay Trust is supported by sales of the Maryland Treasure the Chesapeake license plate, donations to the Chesapeake Bay and Endangered Species Fund on the Maryland state income tax form, donations from individuals and corporations, and partnerships with private foundations and federal and state agencies. Ninety percent of the Trust's expenditures are directed to its Chesapeake Bay restoration and education programs and for the 11th consecutive year, the Trust has received a "Four Star Rating" from Charity Navigator, placing the organization in the top 1% of charities nationwide.

Allegany County \$39,163

Allegany County Public Schools \$877

For support of an outdoor field experience and student led action project that planted 30 native species.

Mountain Ridge High School \$4,923

For costs associated with the water quality testing of Frostburg's water sources by high school students.

University of Maryland Center for Environmental Science \$29,990

For support for a schoolyard restoration program for first grade teachers and students in Allegany and Garrett counties.

West Side School \$3,373

For support of an outdoor field experience for students at the Swan Creek wetlands.

Anne Arundel County \$482,950

Annapolis Maritime Museum \$5,000

For costs to provide an outdoor educational experience for second and third grade students from Georgetown East Elementary School.

Annapolis Maritime Museum \$28,000

For support of the sixth grade oyster education program in partnership with Anne Arundel County Public Schools' Environmental Literacy Initiative.

CHESAPEAKE BAY TRUST 2013 GRANT AWARDS

Anne Arundel County

(continued)

Ben Oaks Civic Association

\$1,744

For costs associated with the design and installation of a living shoreline project in the Ben Oaks community.

Captain Avery Museum, Inc.

\$1,000

For costs associated with a community engagement project that planted 250 native plants at the Captain Avery Museum.

Chesapeake Bay Foundation

\$21,570

For support of environmental professional development in Anne Arundel County middle schools.

Emmanuel Lutheran School

\$348

For costs associated with sending middle school students to attend an outdoor field experience.

Empowering Believers Church

\$500

For costs for the congregation to plant native trees and shrubs on church grounds.

Fairwinds of Annapolis Condominium Council of Unit Owners

\$25,000

For costs associated with installing rain gardens and a bioswale at the Fairwinds of Annapolis condos to reduce runoff.

High Point Improvement Association

\$869

For costs associated with planting native trees and removing 10 pounds of trash at High Point Park.

Linstead Community Association

\$1,000

For costs associated with an invasive species removal and native planting in Severna Park along the Severn River.

Linstead Community Association

\$1,000

For costs associated with planting 1,600 native plants and trees for a streamside buffer along the Severn River in Severna Park.

London Town Foundation, Inc.

\$24,731

For costs associated with the installation of a green roof at the London Town and Gardens.

London Town Property Owners' Association

\$50,000

For costs associated with removing 330 linear feet of bulkhead and installing a living shoreline in the London Town community.

Olde Severna Park Improvement Association, Inc.

\$312

For costs associated with an invasive species removal project in Severna Park.

Riva Trace Council

\$1,000

For support of a reforestation project that resulted in 50 native plants and trees planted in the community.

Saunders Point Community Association

\$11,820

For costs associated with planting native plants in a bio-retention cell in the median of the Saunders Point Community Association.

Severn House Condominium Association

\$500

For costs associated with a native planting project conducted by local community volunteers.

Severn Improvement Association

\$1,000

For support of a planting project with 20 volunteers installing native plants and trees.

Severna Park Baptist Church

\$1,000

For costs associated with planting 25 trees and 900 native plants to address a stormwater runoff problem.

Sherwood Forest Boys and Girls Club

\$908

For costs associated with 263 students constructing and installing oyster cages in the Severn River.

South River Federation

\$47,500

For costs to build and sustain organizational capacity to support restoration missions throughout the watershed.

South River Federation

\$57,425

For costs associated with installing a 430 linear foot living shoreline project at Camp Woodlands.

South River Federation

\$14,298

For the creation of a 282 linear foot living shoreline on the South River.

South River Federation

\$2,313

For support of an erosion and stormwater control project at Camp Woodlands and the planting of 150 native plants.

CHESAPEAKE BAY TRUST 2013 GRANT AWARDS

Anne Arundel County

(continued)

South River Federation \$35,000

For costs associated with installing a stormwater pond retrofit and restoration project to restore a tributary of Broad Creek.

South River Federation \$4,973

For costs associated with installing a 300 square foot demonstration rain garden.

South River Federation \$932

For support of a water quality assessment project in tidal and nontidal streams in the South River Watershed.

St. Andrews United Methodist Day School \$2,740

For costs associated with sending students to participate in an outdoor field experience.

St. Anne's School of Annapolis \$307

For costs to send fourth graders on an outdoor field experience and to grow oysters in the classroom.

The Summit School \$374

For support of fourth and fifth grade students to attend an outdoor field experience to release oysters and horseshoe crabs.

Watershed Stewards Academy \$25,920

For costs associated to develop and pilot a program to foster leaf and trash removal from storm drains, curbs and sidewalks.

West/Rhode Riverkeeper, Inc. \$27,500

For costs to build and sustain organizational capacity to support restoration missions throughout the watershed.

West/Rhode Riverkeeper, Inc. \$4,890

For the creation of an 80 linear foot living shoreline project.

West/Rhode Riverkeeper, Inc. \$35,000

To support the creation of a stream restoration and meadow project.

West/Rhode Riverkeeper, Inc. \$5,000

For support of the West/Rhode 2013 Report Card.

West/Rhode Riverkeeper, Inc. \$11,476

For costs associated with implementing a 125 linear foot living shoreline project on Bear Neck Creek.

Baltimore City \$523,941

Archbishop Borders \$100

For costs associated with engaging students and community members in a native tree planting.

Armistead Gardens Middle School #243 \$5,000

For costs associated with sending sixth grade students to attend a NorthBay field experience as well as complete a student-led stormdrain stenciling project.

Baltimore Chesapeake Bay Outward Bound Program \$5,000

For support of efforts to engage students in their environment through an outdoor field experience.

Baltimore Community Foundation \$5,000

For support of the Clean Water Schools and Healthy Communities project to establish a program to clean up local streams and neighborhoods.

Baltimore Community ToolBank \$500

For costs associated with installing recycled rain barrels on the Baltimore Community ToolBank's grounds.

Baltimore Curriculum Project \$3,370

For costs associated with sending students from the Wolfe Street Academy on outdoor environmental experiences.

Baltimore Lab School \$2,500

For costs associated with sending students to participate in a series of outdoor field experiences.

Baltimore Office of Promotion & the Arts \$15,000

For materials needed for community volunteers to install three rain gardens and plant 360 native plants at a local school.

Baltimore Tree Trust \$5,000

For costs associated with students and volunteers to plant 30 trees in the McElderry Park neighborhood.

CHESAPEAKE BAY TRUST 2013 GRANT AWARDS

Baltimore City

(continued)

Blue Water Baltimore

\$50,000

For costs to build and sustain organizational capacity to support restoration missions throughout the watershed.

Blue Water Baltimore

\$35,000

For costs associated with supporting students and volunteers to plant 80 trees in Baltimore City neighborhoods.

Blue Water Baltimore

\$15,000

For support of a community engagement program to target and prevent pollution discharge in Baltimore City.

Blue Water Baltimore

\$29,411

For costs associated with implementing restoration projects to reduce trash and stormwater pollution.

Blue Water Baltimore

\$33,100

For design support for the implementation of a green stormwater infrastructure to reduce trash and runoff in the Library Square redevelopment.

Carnegie Institution for Science, Department of Embryology

\$22,104

For support of the Your Watershed, Your Backyard Project with Baltimore City schools to engage sixth and seventh graders in outdoor field experiences.

Civic Works, Inc.

\$45,000

For costs associated with the construction of a bioswale at Real Food Farm to reduce runoff, involving the planting of more than 1,000 native plants.

Community of Curtis Bay Association

\$4,110

For costs associated with the installation of a rain garden by students from Curtis Bay Elementary and Middle School.

Comprehensive Housing Assistance, Inc.

\$5,000

For support of the installation of 50 storm drain plaques and the removal of 12,000 pounds of trash by 500 community volunteers.

Cylburn Arboretum Association

\$25,000

For costs associated with installing a rain garden and planting over 200 native plants at the Cylburn Arboretum.

Friendship Academy of Science and Technology

\$5,000

For support for students to participate in an outdoor field experience.

Historic East Baltimore Community Action Coalition, Inc.

\$14,819

For costs associated with students and volunteers creating a small urban forest by planting 145 trees in the Ashland neighborhood of Baltimore City.

Independence School Local 1

\$8,110

For the creation of a rain garden to be installed in front of the Independence School.

Irvine Nature Center

\$5,000

For support of a professional development course for teachers at the Irvine Nature Center.

Johns Hopkins University

\$10,000

For costs associated with a rain garden installation on the campus of Johns Hopkins University with 220 native plants.

Living Classrooms Foundation

\$5,000

For support of a wetland planting of 780 native plants at the 7th Annual Masonville Cove Environmental Education Festival.

Muslim Social Services Agency

\$500

For support of a community engagement project that that planted native plants.

National Aquarium in Baltimore

\$991

For costs of supplies and native plants to restore a rain and butterfly garden at Fort McHenry.

National Aquarium in Baltimore

\$8,357

For costs associated with the development of a small watershed action plan focused on Masonville Cove.

Neighborhood Design Center

\$4,536

For costs associated with a native planting and community engagement project in Baltimore City.

Parks & People Foundation

\$25,000

For support of students and volunteers to plant 1,700 trees in eight Baltimore City neighborhoods.

CHESAPEAKE BAY TRUST 2013 GRANT AWARDS

Baltimore City

(continued)

Parks & People Foundation

\$12,373

For support of an environmental education program engaging students in urban reforestation service learning projects.

Patterson Park Audubon Center

\$22,828

For support of the Audubon Watershed Experience with Baltimore City schools.

REACH! Partnership School

\$5,000

For costs associated with sending sixth grade students to participate in an outdoor field experience and to conduct student-led action projects.

Reservoir Hill Improvement Council

\$24,420

For support to engage students and volunteers in a community tree stewardship program.

Reservoir Hill Improvement Council

\$26,290

For support of a tree planting and maintenance project to increase tree stewardship and tree canopy in Reservoir Hill.

St. Casimir Catholic School

\$2,575

For costs for 250 students to participate in environmental education programs as well as construct reef balls.

St. Ignatius Loyola Academy

\$1,600

For costs associated with sending seventh grade students to participate in an outdoor field experience.

St. Mark School

\$2,497

For costs associated with sending 100 students to attend an outdoor field experience.

Stevenson University

\$10,000

For support of a student-led trash reduction project in the Jones Falls Watershed.

Baltimore County

\$131,144

Catonsville Elementary School

\$833

For costs associated with a Living Classrooms Foundation outdoor field experience for 60 middle school students.

Chesapeake Covenant Community

\$19,465

For costs to support community programs to engage the religious community in green practices for their congregations.

Cromwell Valley Elementary School

\$500

For costs associated with materials needed to remove 50 pounds of trash from Cromwell Valley Elementary School.

Cromwell Valley Elementary School

\$5,000

For support to send 76 fifth grade students to attend an outdoor field experience and plant native plants.

Dundalk Renaissance Corporation

\$4,456

For costs associated with planting more than 150 native plants and trees throughout the Dundalk area.

General John Stricker Middle School

\$5,000

For support of a North Bay outdoor field experience for 100 sixth grade students.

Gunpowder Valley Conservancy

\$35,000

For costs associated with implementing a behavior change campaign targeting local citizens with green lawn care practices.

Halstead Academy

\$3,275

For costs for 67 fourth grade students to participate in an outdoor field experience.

Halstead Academy

\$3,535

For costs for 118 third and fifth grade students to participate in outdoor field experiences.

Halstead Academy

\$4,737

For costs for almost 200 kindergarten, first grade, and second grade students to participate in outdoor field experiences.

Hereford High School

\$2,735

For costs associated with planting project materials for high school students to participate in a wetland restoration project.

Hereford Middle School

\$4,600

For costs to send 340 eighth grade students on outdoor field experiences that removed 120 pounds of trash.

Holabird Middle School

\$2,040

For costs associated with sending 60 middle school students to attend an outdoor field experience.

CHESAPEAKE BAY TRUST 2013 GRANT AWARDS

Baltimore County

(continued)

Lutherville Laboratory for Science, Mathematics and Communications

\$1,427

For support of an outdoor field experience for 90 third grade students and the construction and installation of rain barrels on school grounds.

Lutherville Laboratory for Science, Mathematics and Communications

\$1,940

For support of an outdoor field experience and rain garden student action project engaging 100 fifth grade students.

Neighborhood Design Center

\$375

For costs associated with planting native trees and plants to restore the Peace Garden in Forest Park.

Notre Dame Preparatory School

\$1,250

For the planting of 30 trees on the campus of Notre Dame Preparatory School.

Pleasant Plains Elementary School

\$4,737

For costs for 238 kindergarten, first grade, and second grade students to participate in outdoor field experiences.

Pleasant Plains Elementary School

\$4,120

For costs associated with sending 87 fourth grade students to participate in an outdoor field experience.

Pleasant Plains Elementary School

\$4,580

For costs for 153 third and fifth grade students to participate in outdoor field experiences.

Prettyboy Watershed Alliance, Inc.

\$3,600

For costs associated with a restoration project to plant 400 trees in the Prettyboy watershed.

Prettyboy Watershed Alliance, Inc.

\$2,066

For support of a tree buffer planting on the Tracey property in the Prettyboy watershed.

Rosedale Center for Alternative Studies

\$2,500

For support of a stream cleanup and forest buffer planting project done by 125 students.

Rosedale Center for Alternative Studies

\$5,000

For costs associated with a tree planting project and waterway cleaning with 250 students.

Sudbrook Magnet Middle School

\$8,373

For costs associated with impervious surface removal and the planting of a native garden.

Calvert County

\$22,580

Calvert County Public Schools

\$4,700

For support of outdoor field experiences for third graders to learn about the impact of water quality on terrapins.

Calverton School

\$17,880

For costs associated with creating an outdoor schoolyard habitat and to install permeable pavers at Calverton Middle School.

Caroline County

\$53,634

Caroline County Board of Education

\$5,000

For an outdoor field experience for students and a student-led action project to plant 400 trees.

Friends of Martinak State Park

\$1,934

For supporting outdoor field experiences and student service learning projects with Caroline County students at Tuckahoe and Martinak State Parks.

Midshore Riverkeeper Conservancy, Inc.

\$25,000

For costs to build and sustain organizational capacity to support restoration missions throughout the watershed.

Town of Greensboro

\$21,700

For the creation of design plans for a streambank restoration project in Greensboro, Md.

Carroll County

\$53,985

Boy Scouts of America Venturing Crew 202

\$24,935

For costs associated with planting and maintaining 1,000 trees at Freedom Park.

Chesapeake Bay Foundation

\$25,000

For costs associated with a stream restoration project that planted 1,400 native plants and 600 trees.

CHESAPEAKE BAY TRUST 2013 GRANT AWARDS

Freedom District Elementary School

\$2,450

For costs associated with sending 100 students on an environmental field experience.

St. James Episcopal Church

\$1,600

For supply costs associated with installing 105 native plants in a rain garden.

Cecil County

\$262,344

Cecil County

\$38,040

For the creation of engineered designs of bioretention cells at three schools across Cecil County.

Loch Raven Technical Academy

\$5,000

For support of an outdoor field experience for sixth grade students, as well as a student-led native planting and trash removal project.

North East Isles Community & Homeowners Association

\$98,912

For the planting of 3,050 native plants as part of a living shoreline.

North East Isles Community & Homeowners Association

\$100,000

For the creation of a 4,800 linear foot living shoreline at North East Isles.

Sassafras River Association

\$1,000

For costs for students to implement a rain garden at Cecilton Elementary School.

Town of Cecilton

\$19,392

For costs associated with implementing rain gardens and rain barrels in the town of Cecilton.

Charles County

\$24,278

Charles County Board of Education

\$2,509

For support of an environmental action project involving high school students teaching fourth graders about their environment.

Port Tobacco River Conservancy

\$10,000

For costs to build and sustain organizational capacity to support restoration missions throughout the watershed.

Port Tobacco River Conservancy

\$11,769

For costs associated with installing a bioretention cell to reduce runoff from a parking facility in Port Tobacco.

Dorchester County

\$146,523

Chesapeake Bay Commission

\$840

For costs associated with distributing educational materials on the Nanticoke watershed.

City of Cambridge

\$34,982

For the development and implementation of a community greening project, resulting in the planting of new trees.

City of Cambridge

\$75,000

For costs associated with building a green infrastructure demonstration site with native plants and trees.

Emmanuel Lutheran School

\$2,150

For costs associated with sending the sixth grade class on an outdoor field experience.

Nanticoke Watershed Alliance

\$3,551

For costs to conduct water quality monitoring by the Nanticoke Creekwatchers Citizen Water Monitoring Program.

Nanticoke Watershed Alliance

\$25,000

For costs to build and sustain organizational capacity to support restoration missions throughout the watershed.

Pickering Creek Audubon Center

\$5,000

For costs associated with a restoration planting project at Blackwater Wildlife Nature Refuge with community volunteers.

Frederick County

\$42,145

Friends of Baker Park, Inc.

\$30,000

For design costs associated with a stormwater management installation to improve the water quality of Culler Lake.

CHESAPEAKE BAY TRUST 2013 GRANT AWARDS

Frederick County

(continued)

Global Wildlife Trust at Catoctin Preserve & Zoo \$3,826

For costs to plant 825 native plants and construct three rain gardens at the Catoctin Wildlife Preserve & Zoo.

New Midway/Woodsboro Elementary School \$4,500

For costs for 15 teachers to attend an environmental education professional development experience.

Parkway Elementary School \$1,985

For costs associated with 242 elementary school students planting more than 100 native plants and 30 trees in a schoolyard habitat.

Tuscarora High School \$1,814

For costs associated with planting more than 700 native plants and trees for the creation of an outdoor classroom.

Garrett County

\$64,473

Canaan Valley Institute \$49,473

For costs associated with a stream restoration project on the Savage River.

Savage River Watershed Association, Inc. \$12,500

For costs to build and sustain organizational capacity to support restoration missions throughout the watershed.

Western Maryland Resource Conservation & Development Council, Inc \$2,500

For costs associated with sending 48 students to attend a meaningful watershed experience.

Harford County

\$1,389

North Harford High School \$1,389

For costs associated with high school students to participate in a comparative water quality monitoring investigation.

Howard County

\$72,791

Boy Scouts of America Troop 602 \$360

For costs associated with planting more than 1,100 native trees and plants along the Patuxent River.

Bryant Woods Elementary School \$400

For supplies to complete a stormdrain stenciling project with the students, teachers and community of Bryant Woods Elementary.

Dunloggin Middle School \$3,000

For costs associated with seventh graders planting native trees and engaging in an outdoor education experience.

Harper's Glen Townhouse Association \$40,000

For designs to stabilize and restore a local stream.

People Acting Together in Howard \$15,000

For support of a training program for young adults to address stormwater runoff in congregations and schools.

Talbott Springs Elementary School \$1,036

For costs associated with sending 100 fourth grade students to attend an outdoor field experience.

Tanglewood Homeowners Association \$12,425

For the design of a future green stormwater infrastructure in the Tanglewood community.

West Friendship Elementary \$570

For supplies needed for 65 elementary school students to conduct a trout raise and release project.

Kent County

\$101,875

Chester River Association \$47,500

For costs to build and sustain organizational capacity to support restoration missions throughout the watershed.

National Aquarium in Baltimore \$600

For support of a reforestation project in Eastern Neck National Wildlife Refuge that planted 3,600 trees.

Sassafras River Association \$3,775

To support a residential outreach and engagement project targeting rain barrel installation and soil testing.

CHESAPEAKE BAY TRUST 2013 GRANT AWARDS

Washington College Center for Environment & Society

\$50,000

For costs associated with the creation of a living shoreline project at Washington College.

Montgomery County
\$201,554

Audubon Naturalist Society of the Central Atlantic States, Inc.

\$4,800

For support of the Green Kids Program that engages 400 Title 1 students in Montgomery County.

Audubon Naturalist Society of the Central Atlantic States, Inc.

\$28,465

For costs associated with support of the Green Kids Program in Montgomery County.

Brown Station Elementary School

\$2,054

For support of the Flag Ponds student field experience and restoration project for fourth grade students.

City of Gaithersburg

\$35,000

For costs associated with the development of the Muddy Branch sub-watershed plan.

Conservation Montgomery

\$5,000

For costs associated with a community tree planting project in the Piney Branch watershed of Montgomery County.

Grace Episcopal Day School

\$4,299

For costs associated with installing a 600 square foot rain garden on school grounds.

Holy Cross School

\$900

For costs for fourth grade students to attend an outdoor field experience.

The Izaak Walton League of America

\$34,643

For costs to support a citizen behavior change program to encourage green lawn care practices.

John Poole Middle School

\$3,884

For costs associated with sending middle school students to participate in two outdoor field experiences and build a rain garden.

Little Bennett Elementary School

\$1,670

For costs associated with sending fourth grade students on an outdoor field experience.

Montgomery County Public Schools Outdoor Environmental Education Program

\$4,320

For support of the Environmental Literacy Development Plan in Montgomery County.

Montgomery County Public Schools Outdoor Environmental Education Program

\$974

For costs associated with professional development training for teachers in Montgomery County.

Montgomery Parks Foundation

\$491

For costs associated with the Fall Sweep the Creek cleanup that engaged 270 volunteers.

Montgomery Parks Foundation

\$10,000

For costs associated with a work program for youths work to reduce runoff from trail erosion.

Paint Branch High School

\$1,965

For costs associated with students to attend an outdoor field experience on Fox Island.

Potomac Conservancy

\$50,000

For costs to build and sustain organizational capacity to support restoration missions throughout the watershed.

Sherwood High School

\$1,905

For costs associated with students to participate in an outdoor field experience and wetland restoration project.

St. Martin's School

\$549

For costs associated with sending fifth grade students to attend an outdoor field experience.

Summit Hall Elementary School

\$2,800

For costs associated with a water quality monitoring project for fourth grade students.

Westbrook Elementary School

\$5,000

For costs associated with sending fourth grade students to attend multiple outdoor field experiences.

Westbrook Elementary School

\$2,835

For costs associated with sending 425 students to attend multiple field experiences as well as conduct multiple student action projects.

CHESAPEAKE BAY TRUST 2013 GRANT AWARDS

Prince George's County \$245,900

Alice Ferguson Foundation \$26,280

For support of a litter prevention project in Forest Heights that engaged 150 community volunteers.

Alice Ferguson Foundation \$29,500

For support of the expansion of the Bridging the Watershed Program to three new schools in Maryland.

Anacostia Watershed Society \$6,120

For support of a stream restoration project along the Northwest Branch of the Anacostia River that engaged 100 volunteers in planting 500 trees.

Anacostia Watershed Society \$4,500

For costs associated with sending 200 students to participate in an outdoor environmental education field experience.

Anacostia Watershed Society \$5,000

For support of the Stream Stewards program engaging students in Prince George's County elementary schools about their environment.

Anacostia Watershed Society \$15,000

For support of the development and implementation of the Anacostia River Subsistence Angling awareness project.

City of Bowie \$35,000

For support of a citizen engagement project that resulted in the planting of over 1,200 trees.

The Low Impact Development Center, Inc. \$35,000

For design plans to transform Arapahoe Street in Forest Heights into a Green Street.

The Low Impact Development Center, Inc. \$35,000

For the development of a plan for the Bladensburg Town Library to be turned into a green infrastructure demonstration site.

New Hope Educational Institute \$18,000

For design support for a future stormwater reduction project conducted by the University of Maryland's landscape architecture program.

Prince George's County \$35,000

For costs associated with researching and creating information on implementing stormwater reduction.

William S. Schmidt Center \$1,500

For costs associated with a streambank stabilization project that planted 60 native plants and trees.

Queen Anne's County \$83,018

Midshore Riverkeeper Conservancy, Inc. \$34,993

For the creation of a watershed assessment of the Wye River to identify opportunities to reduce pollution.

Town of Centreville \$40,000

For costs associated with the removal of a dam on the Corsica River.

Kennard Elementary \$3,025

For program costs associated with third grade students to attend a field trip on the Schooner Sultana.

Stevensville Middle School \$5,000

For support for students to attend an outdoor field experience and participate in a wetlands planting.

St. Mary's County \$50,000

St. Mary's River Watershed Association \$25,000

For costs associated with implementing a three-dimensional oyster reef habitat in the St. Mary's river.

St. Mary's River Watershed Association \$25,000

For costs to build and sustain organizational capacity to support restoration missions throughout the watershed.

Talbot County \$152,296

Chesapeake Wildlife Heritage \$24,700

For costs associated with the construction of a wetland and buffer, resulting in almost 1,000 native plants and trees planted at Pickering Creek.

Midshore Riverkeeper Conservancy, Inc. \$4,524

For costs associated with conducting a groundwater monitoring study to observe effects from conservation practices.

CHESAPEAKE BAY TRUST 2013 GRANT AWARDS

Talbot County

(continued)

Midshore Riverkeeper Conservancy, Inc.
\$5,000

For costs associated with the production of the Midshore Riverkeeper State of the River Report Card.

Midshore Riverkeeper Conservancy, Inc.
\$3,000

For costs associated with sending 275 local students to the Midshore Riverkeeper Conservancy's Wild and Scenic Film Festival.

Midshore Riverkeeper Conservancy, Inc.
\$25,000

For costs associated with the design for a living shoreline to help stabilize and reduce erosion at Hog Island.

Phillips Wharf Environmental Center
\$2,930

For costs associated with planting 600 native plants in a buffer garden.

Phillips Wharf Environmental Center
\$2,147

For supplies needed to install a rain garden at Phillips Wharf Environmental Center.

Phillips Wharf Environmental Center
\$1,000

For costs associated with implementing a rain garden at Phillips Wharf Environmental Center.

Pickering Creek Audubon Center
\$29,995

For support of meaningful watershed experiences for high school teachers and students in Talbot County.

Talbot County Department of Public Works
\$54,000

For costs associated with the installation of a 219 linear foot living shoreline at Kingston Public Landing.

Washington County

\$95,806

Antietam Creek Watershed Alliance
\$4,826

For costs associated with the stabilization of a stream on a tributary of Antietam Creek using 115 native plants.

City of Hagerstown - Department of Parks & Engineering
\$30,000

For the planning and coordination of planting 200 trees with students and volunteers in Hagerstown's urban core.

Highland View Academy
\$2,960

For support of four field experiences and a schoolyard gardening project for 120 students to plant native plants and trees.

Potomac Valley Audubon Society
\$26,759

For support of an elementary school watershed education program engaging students in Washington County.

Trout Unlimited
\$31,261

For support of a restoration project along 1,900 linear feet of Beaver Creek.

Wicomico County

\$66,857

Nanticoke Watershed Alliance
\$27,119

For support of an environmental education program working with Wicomico and Dorchester County schools.

Salisbury University
\$4,738

For support of lab analysis for water samples as part of the Wicomico Creek Watchers Program.

Wicomico Environmental Trust
\$35,000
